

Relationships and Sex Education Curriculum Overview

Every Moment Matters

Purpose of Study

To embrace the challenges of creating a happy and successful adult life, pupils need knowledge that will enable them to make informed decisions about their wellbeing, health and relationships and to build their self-efficacy. Pupils can also put this knowledge into practice as they develop the capacity to make sound decisions when facing risks, challenges and complex contexts. Everyone faces difficult situations in their lives. These subjects can support young people to develop resilience, to know how and when to ask for help, and to know where to access support. High quality, evidence-based and age-appropriate teaching of these subjects can help prepare pupils for the opportunities, responsibilities and experiences of adult life. They can also enable schools to promote the spiritual, moral, social, cultural, mental and physical development of pupils, at school and in society.

Coverage

In order to effectively build skills, attitudes, self-esteem, resilience and confidence within our children, we have decided to adopt Jigsaw: a well structured, progressive process that integrates personal and social development.

The following information has been taken directly from Jigsaw PSHE.

Introduction

Jigsaw, the mindful approach to PSHE, brings together Personal, Social, Health Education, emotional literacy, social skills and spiritual development in a comprehensive scheme of learning. A lesson a week with the teaching resources included, helps teachers to focus on tailoring the lessons to their children's needs and to enjoy building the relationship with their class, getting to know them better as unique human beings.

Teaching strategies are varied and are mindful of preferred learning styles and the need for differentiation. Jigsaw is designed as a whole school approach, with all year groups working on the same theme (Puzzle) at the same time. This enables each Puzzle to start with an introductory assembly, generating a whole school focus for adults and children alike.

The Learning Environment

Jigsaw aims to meet children's needs in this ever-changing world and does not skirt around the most sensitive issues like bereavement and family change. Therefore, establishing a safe, open and positive learning environment based on trusting relationships between all members of the class, adults and children alike, is vital.

The Six Puzzles

There are six Puzzles in Jigsaw that are designed to progress in sequence from the start of each academic year:

Term 1: Being Me in My World

Term 2: Celebrating Difference (including anti-bullying)

Term 3: Dreams and Goals

Term 4: Healthy Me

Term 5: Relationships

Term 6: Changing Me (including Sex Education)

Each Puzzle has six Pieces (lessons) which work towards an 'end product'. The whole school works on the same Puzzle at the same time, meaning that each Puzzle can be launched with a whole-school assembly and learning can be celebrated by the whole school in a meaningful way.

The Jigsaw Charter

There are six learning behaviours that will be reflected in the whole-school Learning Charter. It will permeate the school community, acting as the 'cradle' to hold children as they grow and learn.

Age Group	Being Me In My World	Celebrating Difference	Dreams and Goals	Healthy Me	Relationships	Changing Me
Ages 3-5	<p>Self-identity Understanding feelings Being in a classroom Being gentle Rights and responsibilities</p>	<p>Identifying talents Being special Families Where we live Making friends Standing up for yourself</p>	<p>Challenges Perseverance Achieving and setting goals Overcoming obstacles Seeking help Jobs</p>	<p>Exercising bodies Physical activity Healthy food Sleep Keeping clean Safety</p>	<p>Family life Friendships Breaking friendships Falling out Dealing with bullying Being a good friend</p>	<p>Bodies Respecting my body Growing up Growth and change Fun and fears Celebrations</p>
