

Perran-ar-Worthal cross country community! 17:10:2025

Every Friday, we have nearly 40 runners challenging themselves down at the field in our cross country sessions. The photos show how the Perran-ar-Worthal community come together to support and encourage our children with their running. We have parents running alongside the children, parents and grandparents marshalling the course and younger siblings giving hi 5's! These photos speak volumes about the school and the community. Thank you for your support everyone! Thank you for stepping in and setting up the course, helping warm up, helping cool down, encouraging each runner, holding coats, making it fun each week! You are all very much appreciated! Well done to all of our committed runners!
