VERY MOMENT MATTERS!

This half term's focus has been on **DREAMS AND GOALS!**

**“YOU ARE
NEVER TOO
OLD TO
SET A NEW
GOAL OR
TO DREAM
A NEW
DREAM.”**

It's official! We are a Jigsaw Flagship School!

We are delighted that we have been awarded the status of being a Jigsaw Flagship School. This is awarded to schools to recognise their commitment to: PSHE (Personal, Social and Health Education) by fully implementing Jigsaw, the mindful approach to PSHE; children's well-being and mental health and learning; creating a positive learning community and willingness to share their expertise with others.

As a school we wholeheartedly believe in the importance of developing emotional literacy, social skills and spiritual development in every child. Through the adoption of Jigsaw PSHE as a whole school approach we are able to connect the pieces of personal, social and health education in line with our school values and ethos.

SWIFTS CREATING WITH STYLE! This half term the Year 6 pupils have been developing their skills in the use of batik and linking their patterns to their work in science on microorganisms— basically, bacteria under the microscope! They also developed a greater understanding of watercolour techniques to create a range of fine art pieces including a carefully drawn and painted picture of the eye. A talented bunch, indeed!

THEY ARE ALL BACK UP AND RUNNING! Yes, finally, the leagues are now in full swing and PAW are enjoying every moment of competing. We wish them every success for the forthcoming games they have this term and next. Well done to all who have taken part so far!

SKIPPING TO SUCCESS! Following a very successfully and popular skipping workshop some time ago, we decided to book this workshop again to inspire our pupils to take skipping to the next level—an indeed, they did! There was an impressive number of pupils who managed to beat local and national records with the number of times they could skip demonstrating the various styles taught to them on the day. After every pupil had been give the chance to share their skills, the day culminated in a demonstration where pupils were invited to share their skipping talent for other classes to see. A very energetic day for all and the skipping frenzy has continued every day since! Watch out for news about a sponsored skip coming up in March.

HAPPY BIRTHDAY PERRAN-AR-WORTHAL SCHOOL! So what gift do you give to a school when it is turning 144 years old on?! Clearly, you roll up your sleeves and give it a little face-lift with making it look as smart and tidy as possible. I think our KS1 pupils certainly took their cleaning to the next level with the way in which they approached their window cleaning task—such enthusiasm! Thank you to all the children for making their school look so smart and tidy in honour of it's rather senior years.

Displays that show our learning and help us remember what we have learnt.

Mrs Pallot has been busy promoting the joy of music and ensuring the children remember the periods of music they have been taught by creating this impressive musical time line. Well done Mrs Pallot!

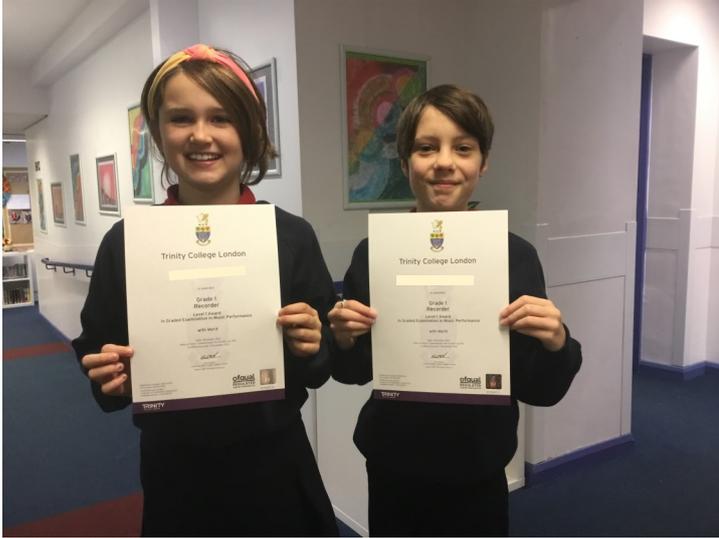

BOOKS! BOOKS! BOOKS!
Here you can see the range of books that each class are reading together this half term and are linked to the various topics we are covering. Teachers use these books to promote reading for pleasure as well as introducing children to a wide variety of genres.

ART OR HISTORY OR BOTH?
In Year 4 the children have been learning about the Romans in their history lessons so being able to link the pattern making in art to the development of pattern through the ages, Roman pots seemed to be an ideal way to link the two areas of

We are delighted to be celebrating the musical talents of these five KS2 pupils—all of whom have successfully achieved their recorder grades. A big thank you to Mrs Whomersley, who has been delivering recorder lessons to these pupils for several weeks to help them prepare for their recorder exams.

THE POWER OF A SURVEY! Following on from the school meals survey we asked pupils and parents to complete, we have now taken delivery of a very lovely salad bar which features each day in the dining hall. We are keen to continue with our healthy eating drive and ensure our school meals also reflect the Healthy Schools Status that we are working towards. We have been reminding children to bring healthy snacks and lunchboxes to schools and to ensure they have water in their bottles rather than juice or squash. We are keen to develop a healthy eating policy with your help. The initial survey is just the start of our goal towards becoming a much healthier school. Thank you for your support with this.

WE LOVED THE CODE BREAKING CHALLENGE! What a fantastic day we all had! Working out clues in the light, in the dark, in the rain, in the wind....BUT we loved every minute! A huge thank you to our brilliant FOPS team for helping to run the whole event and a super big thanks to Kelly Cade who used her skills as a scientist to think up these brilliant code breaking challenges. I have no doubt this will become one of our favourite fund raisers. Thank you to all the children and parents who attending and took part with such enthusiasm. For those of you who were not able to attend, we hope to run another event, such as this, in the future.
