

P.E. AND SPORTS PREMIUM

Government policy

1. Schools must spend the funding to improve the quality of the PE and sport activities they offer their pupils, but they are free to choose the best way of using the money.
2. If a school receives PE and sport premium funding, it must publish details of how it spends this funding and the effect it has had on pupils' PE and sport participation and attainment.
3. Schools must include the following:
 - the PE and sport premium allocation for the current academic year
 - details of how it is intended to spend the allocation
 - details of how the allocation was spent in the previous academic year
 - how it made a difference to the PE and sport participation and attainment of the pupils who attracted the funding.
4. For example, schools can use their funding to:
 - hire specialist PE teachers
 - hire qualified sports coaches to work with teachers
 - provide existing staff with teaching resources to help them teach PE and sport
 - support and involve the least active children by running or extending school sports clubs, holiday clubs and Change4Life clubs
 - run sport competitions or increase pupils' participation in the School Games
 - run sports activities with other schools.

School policy

5. We believe that Primary PE should start a child's life-long interest in health, physical wellbeing and sport. Our PE curriculum is intended to improve health, provide opportunities and encourage active participation in PE for either enjoyment or competition.
6. PE and sports will be delivered by a variety of teachers, teaching assistants, coaches and volunteers to provide a broad and balanced curriculum for all abilities.
7. All children will have two hours of timetabled PE per week.
8. Our curriculum will follow guidance in the National Curriculum.

9. Swimming lessons are a requirement of the National Curriculum and, therefore, Sports Premium funding must not be used for these. Swimming will be provided through instructors in Years 3 and 4,
10. Orienteering and outdoor activities will be provided as part of residential experiences in Years 5 and 6.
11. External providers will be used to increase the breadth and balance of our curriculum.
12. Extra-curricular physical activities will be organised for all children.
13. The school will enter a range of competitive events throughout the year, including league football, swimming galas and athletics championships.
14. The school will try to ensure that children have access to the best possible facilities.
15. In addition to organized sports, competitive or otherwise, the school should ensure that a range of opportunities is provided for increased physical exercise for less physically able and talented children to ensure that a similar increase in physical activity is achieved for all children.
16. As part of 'The Offer' provided by Penryn Sports Partnership, the school will have access to a wide range of competitions, activities and support for our PE and School Sport Provision.
