

# Year 5: Programming - Quizzes

Key Questions: Why are condition statements important in quizzes?

## Critical Thinking Questions

How do we keep ourselves safe online?	What is a condition?	What are 'if...then..else' statements? How can they influence the outcome?
How can I use conditions when asking questions?	What do I need to consider when creating a quiz?	Was the quiz successful?

## Helpful Information

Software:	<a href="https://scratch.mit.edu">Scratch.mit.edu</a>
