Every Moment Matters

In school this week, our little Puffins have been busy creating landscapes using water colour paints—we clearly have many talented artists in the making. Well done!

One of our other KS1 Bubbles has also be busy creating their very own Magical Wood scene.

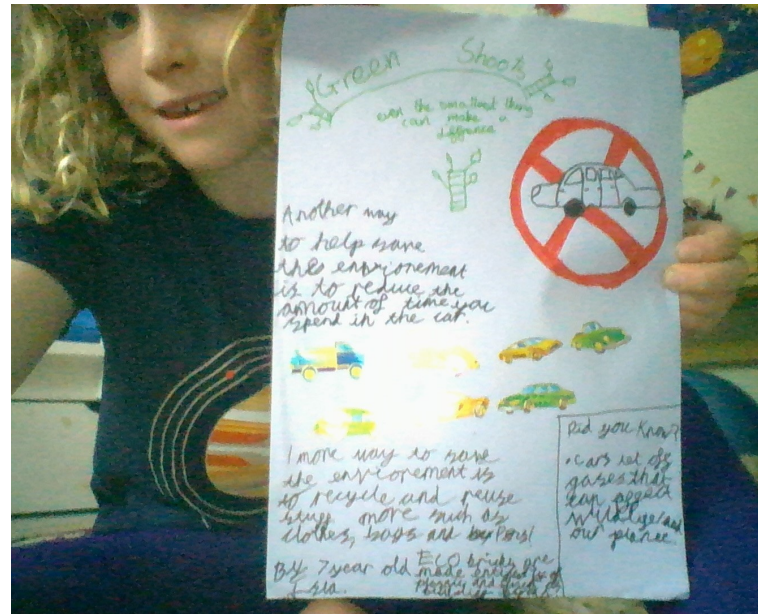

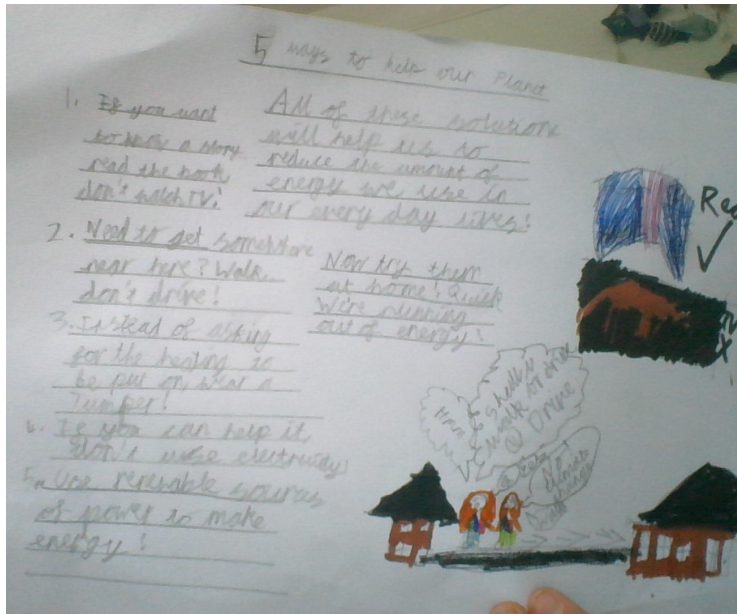

And a bit of socially distanced scootering at playtime to keep us all active. Great fun with our friends!

And when the sun is shining, it's time to grab your collection boxes and go on a nature hunt. Lots of lovely things to find and talk about. See the next page for more pictures.

This little Robin has been busy thinking about ways in which we can help our planet and here she has clearly listed 5 things that we could do to help make a difference. She has also created a poster entitled 'Green Shoots' to help people understand how important it is to consider ways to help the environment. Well done!

This little Robin has been busy helping his dad at work, working on his computer, building shelters and enjoying cooking outdoors. After all that, he still managed to find time to enjoy chilling in the sunshine and creating an impressive model with his construction toys. A busy chap indeed!

And to end our newsletter this week, we give you a scary spider story written by one of our Year 4 pupils. Make sure you don't read it alone!!!! EEEeeeck!

Spider story

Once there was a young boy, he lived by a wood he went to every day. One day, he found an old, hollow tree. He made a den in there. He went there every day after school. It had been a week since he had found the tree when he looked up and saw ten huge eyes and big hairy legs, it was a giant spider. The young boy was never seen again like any others who were unlucky enough to go into that tree trunk before him.

Two weeks later, a daring explorer, who had heard about the boy's mysterious disappearance, was determined to find the boy. He was searching the wood when he found the old, hollow tree. He decided to set camp in the tree. He went off to find some good firewood, when he got back to the tree, he saw the spider. He dropped the firewood and ran but sadly he didn't make it.

So maybe you'll think twice next time you see a hollow tree because if you go in you might end up like the poor boy and explorer.

PARENT SURVEY 2019-2020

Each year we ask you to complete a survey to help us gather your thoughts on how well we provide for your child. We welcome and value your feedback to help us know what is going well and what we could improve on. Normally, we would send out a paper survey but with the limitations on physical documents moving between home and school, we will be emailing this survey to you. Please could you complete and return the survey in one of the following ways:

1. **Via email:** Fill in the survey online and email it back to admin@perran-ar-worthal.cornwall.sch.uk
2. **By post:** Print the survey at home, complete and post it back to Perran-ar-worthal School, Perranwell, School Hill, Truro, TR3 7LA.
3. **By hand:** Print the survey at home or collect one from the front office in school, complete and return by hand to the front office anytime between 8.30am and 3.30pm Monday to Friday.

We would very much like these **returned by Monday, 29th June.**

Thank you for your support with our survey. We value your feedback in helping us to make our school the best it can be for your child.
