

Can you help save our Village Shop?

Announcement of public meeting

Alister Smith, the owner of the village shop, has announced that the village shop will close on 31 July this year. The reasons for this are understandable, but it will clearly come as a shock to many people. However, Alister has very kindly indicated that he would be willing to assist the process of the business becoming a community shop, that is, a shop owned, run and staffed by the community, if that seemed a viable option.

This is a crucial moment; either the shop simply shuts for good or the community decides that this must not happen and does something about it. But that will require a lot of work and tons of engagement from many, many people.

As a first step, a public meeting has been arranged for Friday 16 June at 7:00pm in the main hall of the village hall. It is hoped that we can begin to test the level of support in the village and encourage sufficient people to volunteer to form an embryonic steering committee.

The good news is that plenty of help, support and (probably) money is available to help ventures like this, but it can't happen without the wholehearted enthusiasm of the community. My message is simple: please be there. Don't leave it to other people.

Finally, many of you will know that I am the chairman of the parish council but, because of the speed of recent events, at the moment I am acting in a private capacity as I have not yet been given any authority by the parish council to act. However, I feel pretty certain that when the parish council debates this matter at its next meeting on 28 June, it will want to take an active role in supporting the path that is being taken.

YEAR 5 EXPERIENCE THE AWE AND WONDER OF A SCIENCE FESTIVAL! Each year, Mrs Royle invites science students from Exeter university to work with our Yr5 pupils. Following the work the children covered on habitats, they had the opportunity to take the knowledge posters they created to the University to share them with the University science students. This year was particularly exciting as our Yr5 were treated to a whole day experiencing so many different scientific elements linked to habitats. The pictures below say it all—what a great way to learn!

We love science!

Year 6 have arrived safely at Porthpean and have thrown themselves straight in to the range of activities on offer to them today.

Lunch on the beach and sunshine – what a perfect way to start their camp!

Perran-ar-Worthal School bring home the trophy at local football festi-

On Friday, we were invited to play in a football festival at Truro School. Our team versed nine others teams. They played outstandingly! By lunchtime, we were in 7th place. The final playoffs for the plate were very tense, with a near miss. After winning the first match, the final match came down to a penalty shootout and then sudden death between the goal keepers. It was heart-stopping..... but Perran-ar-Worthal won! Students who represented the school showed incredible sportsmanship and strength. They supported each other throughout. It was a privilege to watch. Well done to every child that played!

ROCKETS AND MINIMILKS AT THE READY!

It was the turn of our Puffins class to organise their fund raising stall and what a great idea it was to go for something a little different—change it up a bit! So to the delight of the parents and pupils, the usual bake sale was an ice lolly sale which, regardless of the not so summery weather, attracted a large crowd and an amazing £116.51 was raised. Well done and thank you to all involved in organising the stall and a particular well done to one of our Yr5 pupils for taking the time to make her own ice lollies, which proved very popular. Another successful FOPS event! Thank you all!
