Seven Minute Safeguarding

Safeguarding is everyone's responsibility.
Think... 'what if I get it right?'
It could happen here.

Please speak to the Designated Safeguarding Lead (Ben Teasdale) or Deputy Designated Safeguarding Lead (Mary Arthur) immediately with any concerns.

Screen Use

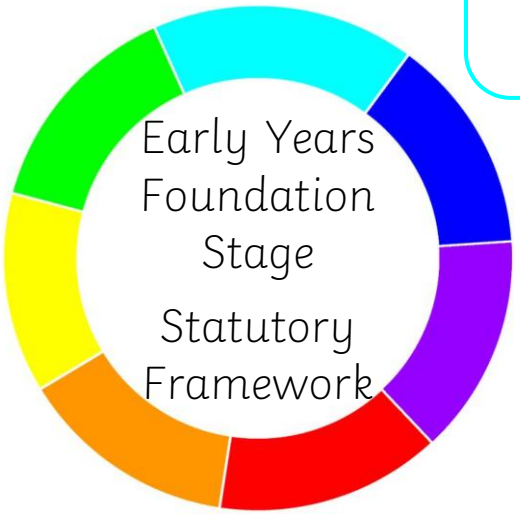

Screen time should be limited to 1 hour a day.

Section 3 – The safeguarding and welfare requirements

This section of the framework sets out the safeguarding and welfare requirements providers must meet.

Accident or Injury

Providers must inform parents and/or carers of any accident or injury sustained by the child on the same day as, or as soon as reasonably practicable after, and of any first aid treatment given.

Paediatric First Aid

At least one person who has a current paediatric first aid (PFA) certificate must be on the premises and available at all times when children are present and must accompany children on outings.

Sleeping arrangements

If a child in EYFS requires sleep, the following must be considered:

- Sleep spaces must only contain a firm, flat, waterproof mattress and lightweight bedding.
- The recommended room temperature is 16 – 20˚C.
- Children's heads must not be covered
- Children must always be within sight and hearing of staff when sleeping

Key Person

Each child must be assigned a key person. Their role is to help ensure that every child's care is tailored to meet their individual needs

Staff: Child ratios

Reception classes in maintained schools and academies are subject to infant class size legislation, which is limited to 30 pupils per school teacher.

Safer Eating

Whilst children are eating there should always be a member of staff in the room with a valid paediatric first aid certificate.
Children must always be within sight and hearing of a member of staff whilst eating.
